CAPWIC 2023
March 31 - April 1

CAPWIC is the ACM Capital Region Celebration of Women in Computing and provides a low-cost, regionally tailored, small conference for women and minorities in computing. The participants include women (students, faculty, and professionals), as well as all supporters of women in computing.
The event provides a venue for future computing professionals to gain confidence in their skills, network with each other, and learn from accomplished technical women. The event includes distinguished speakers, panels on academia and industry, student and faculty presentations, a student research poster contest, and a career fair for students in computing fields.
